

Meeting Date: 11/9/2021

Item Title: Districtwide Special Education EA

Action Requested By: Desiraye Benavidez Presented By: Desiraye Benavidez

Action Requested: Approval of New Districtwide Special Education EA

Item Summary: With two evaluators working remotely and one who also provides psychological services, there is a need for an EA to assist students for the psychological testing.

Brief History (if applicable): The current RFP with Stepping Stone states the District must provide an EA to ensure students are receiving their psych services. Currently other site EAs at BHS and MAJH are getting the students out of class, making sure they log on to receive their psych services and assisting students when they need evaluated. While the current EAs have their own caseloads, this is additional work and an additional position is needed.

Answer the following:

Request: New Districtwide Special Education EA for evals and psych services

Benefit or Impact to the District: Will allow site SPED EAs and staff focus on their caseload and teaching

Reason for Request: _____

Cost: _____ What Budget: 24106 (6.5 hours a day)

Mandate: X Yes _____ No

Budget OR Grant: Budget: _____ Grant: _____

Summary By/Title: _____
